# MIDIFUSE IN-LINE HOLDER WITH COVER

Littelfuse

The inline Midifuse holder is designed for use with bolt-down Midifuses. It may be installed directly inline with the cables with no mounting required. The Inline Midifuse holder can be used with heat shrink tubing for applications requiring more splash resistance. The curved design of the cover aids in prevention of tube-splitting during application.

Part Number	Description
04980921 GXM5	Assembled holder includes cover and hardware.

**Voltage:** 32V

**Rating:** 200A

**Operating Temperature Range:** -40°C to +125°C
