

# RB-R10F15- WATERPROOF FUSE AND RELAY BOX

## ATC/ATO FUSE HOLDER

There are total 15 slots in this fuse relay box for ATC/ATO fuses.

## DESCRIPTION

RB-R10F15 15 Way Universal Fuse and Relay Box is 10 slots relay panel design, that includes 50×relay terminals, and 30×fuse terminals.

Each slot is precisely cut and has a curved outlet on the edge to keep all your wiring neat.

## RB-R10F15 15-Way Universal Fuse and Relay Box Details

- **Easy Operation**

Relays and fuses can be easily accessed. Keep them firmly in place for quick servicing or replacing a blown fuse.

- **Sturdy Construction**

The fuse holder is made of high-quality ABS+ metal, which is not easy to deform by aging and damaged by collision.

- **Wide Application**

It is suitable for 4X4 off-road vehicles, jeeps, SUVs, UTVs, ATVs, RVs, pickup trailers, campers, boats, etc.

- **Professional Manufacturing**

The products are manufactured by uniform standard and sophisticated molds, which are processed and cut to perfect size by CNC cutting edge.

## **SPECIFICATIONS**

- 10 Emplacements pour relais
- 15 Emplacement pour fusible
- Contacts inclus
- 30 Ampere par circuit
- 100 Ampere totale

## **REMOVABLE SLOTS**

Both of the fuse slots and relay slots of this relay box are removable design, which makes the installation of the terminals become convenient.
