

Battery Charging System Designed for **Use On Land and in Fresh and Salt Water**

- The "Green" Charger: Totally "Repairable" Not a Throw-Away
- Unmatched Performance, Reliability, Safety and Quality
- TROUBLE FREE—**Just Plug It In and Forget It!**
- Join Over 750,000 of Our Satisfied Customers!
- Fully Automatic and Totally Waterproof

May be used in many types of sporting applications including: **Inland Watercraft, Salt Water Watercraft, Motorcycles, Golf Carts, Utility Vehicles...**

The Professional Series chargers have set the standard in the marine industry for more than a decade. They are known as the safest, most reliable, and best performing battery chargers in the industry. Across a broad range of fishing and recreational boats, Pro Charging Systems keeps boaters on the water longer while extending the life of their batteries. Dual Pro™ charging technology has been and continues to be the choice of over 50 boat manufacturers and professional fishermen on the B.A.S.S. and FLW tournament circuit.

Features of the Professional Series Battery Chargers:

- Approved for Wet Cell and AGM batteries
- Models also available for Gelled Electrolyte batteries
- Designed for use in fresh and saltwater
- Dependable, rugged, waterproof construction
- DeltaVolt Intuitive charging technology
- Independent outputs
- Fully automatic / multi stage charging
- Zero spark technology
- Battery maintenance mode
- On-board diagnostic codes
- Temperature compensated
- Advanced microprocessor controlled
- Battery systems available: 12V – 48V
- LED lights indicate the state of charge
- Reverse polarity protected
- No installation restrictions
- FCC 15 Parts A & B interference compliant
- DC charge cables = 5ft. AC power cord = 3ft.
- CE approved and meets ISO 8846 Marine standards
- Ignition protected (US Coast Guard 33 CFR 183.410)
